### **Springhouse - Pool News**

Dear Members,

I am happy to say that the Springhouse Pool complex is open and fully operational. I heard loads of positive feedback concerning the pool renovations and staff, at our grand opening party on May 9th. We hired a number of new faces, and brought back a couple from last

year as well. Our staff will be there to serve you and your guests every day of the week from 10am to 8pm. You can now enjoy a wide variety of menu items from finger foods, to sandwiches, to ice cream!

Please feel free to bring your guests to see our beautiful complex. Remember, the guest fee is \$5 per guest, with no charge

for children 12 and under. More great news! We are continuing our "Free Guest Thursdays" this year, where all of your accompanied guests may use the pool facilities for FREE every Thursday throughout the season. Please feel free to send me any feedback at: [Rick.grantjr@sanctuarygolfcatland.com](mailto:Rick.grantjr@sanctuarygolfcatland.com). Thanks and we will see you at the pool, Rick Grant Jr

Upcoming Maintenance:

At the beginning of May the Maintenance department did a small tine aerification of the greens to allow oxygen and water infiltration to the root system. (The greens were also rolled at this time - the club is in the process of purchasing a roller for future use). The aerification process relieves compaction of the

soil. As some of you may have already noticed, the greens have been rolling better since this process was done.

On May 12th and 13th, Merit for grub and mole cricket control, was applied along with a fertilizer.

On June 2nd and June 3rd, the course will be closed to Aerify. This aerification involves pulling

1/2 inch core tines and heavy top-dressing. The greens should recover in about 2 1/2 weeks but will be bumpy in the interim.

After aerification and through the summer we will do a bi-weekly, light top-dressing.

Finally, throughout the summer we will be working on several projects, starting with drainage and sod work on #15.
